Professional: Remote Pair-Programming, Teamwork, Mentoring

EXPERIENCE

MICROVERSE

Mentor (Volunteer)

Remote

July 2020 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

SELF STUDY

Fullstack Development

January 2019 – June 2020

Languages: JavaScript, HTML, CSS

Frameworks / Libraries: React, Bootstrap, Semantic UI, Material UI, Tailwind

Backend: Node.js

Wipro Limited

Delivery specialist — (Human Resources & Financial services)

February 2015 – December 2018

Worked on Employee's Hiring, Termination, Payload, Position Management, and organizational process on Workday.

- Worked with multiple clients and the North America team.
- Trained new team members for the process.
- Identified potential improvements for eliminating errors and duplication in the process.

EDUCATION

MICROVERSE

June 2020 – Present

Remote Full Stack Web Development Program, Full Time

- Spent 2000+ hours mastering algorithms, data structures, and full-stack web development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Manav Bharti University, Solan

Bachelor of Arts (BA)

March 2010 – April 2013
